Tournament Rules

Age-Grade Exemptions - Dispensations

A dispensation is given to a player to allow them to play in an age grade that they would not usually be able to play in because of their age. The Age Dispensation Policy applies to all competitions sanctioned by Rugby Manitoba. It focuses on allowing participants to play Rugby safely and not influence game results.

It is important that all people involved in a decision to permit a junior player to participate in a different age category fully understand that Rugby is a contact sport. Like all contact sports, players are exposed to the risk of injury. This risk could be heightened by allowing players to participate in matches organized for a different age category if their physical development, skill level, maturity and experience differ from that of the players he/she will play with or against.

We have decided against redistributing players to younger age groups, dispensations will be made only for players to play up one age band.

To be eligible for higher age-grade contact rugby, players will be permitted to participate in an age-grade match that is not more than two (2) years above their age on January 1st of the year in which the match is held (referred to as the 'two-year window'), provided that they comply with the procedures set out in the attached policy and receive approval from Rugby Manitoba.

Law Variations

The Prairie Cup Rugby Tournament will follow [Rugby Canada's Age-Grade Law Variations](#)

Discipline Policy

A player sent off due to receiving a Red Card will not play again during the same day. It will be at the discretion of the Tournament Discipline Committee to exclude them from playing on the next day.

A yellow card will result in the player being excluded from the pitch for 5 minutes.

3 yellow cards at any stage for one player in the competition means that the player must appear in front of the Tournament Discipline Committee (player and manager will be notified). There will be no citing commissioner at the event. Match Officials are responsible for reporting any foul play.

Water

Help us in cutting down the use of plastic water bottles! Please bring your reusable water bottle for the weekend and fill it up at the water station located around Maple Grove Rugby Park.

Weather Conditions

Rugby Manitoba Staff and Officials will continue to monitor temperatures throughout the weeks leading up to the tournament. Should any changes to match times or formats be required, these will be communicated as quickly and promptly as possible.

All Teams are reminded to stay well hydrated throughout the event and to seek shade when not playing. Teams are encouraged to bring tents and additional shade to setup on site.

Medical Information

Rugby Manitoba will provide access to athletic therapists. Medical staff should only step onto the field for an injury if called upon by a Coach, Referee or Therapist.

Rugby Manitoba's number one priority is player safety and adheres to World Rugby's policy of 'Recognize and Remove' when dealing with concussions or suspected concussions.

Any player suspected or suffering from concussion must be immediately removed from competition and report to the athletic therapists for evaluation. Not reporting injury symptoms to avoid medical evaluation significantly increases the risk prolonging recovery and long-term effects.

Alternatively, players can be directed to Victoria Hospital Emergency for evaluation and treatment from a physician for any injury.
